Re: Discorbis 15 Sand, Reservoir C,
Bayou Postillion Field, Iberia Parish,
Louisiana

Dear Commissioner Welsh:

Application is hereby made on behalf of Brigham Oil & Gas, L.P. ("Applicant"), for the calling of a public hearing, after ten (10) days legal notice, to consider evidence relative to the issuance of an Order pertaining to the following matters relative to the Discorbis 15 Sand, Reservoir C, in the Bayou Postillion Field, Iberia Parish, Louisiana:

1. To permit Applicant to complete and utilize its Cotten Land Corporation No. 4 Well, located as shown on the attached plat, as an alternate unit well for the Discorbis 15 Sand, Reservoir C, Sand Unit B, designated DISC 15 RC SUB, as per Office of Conservation Order No. 386-Y-2, effective August 9, 2005, which is in compliance with the spacing provisions of Order No. 386-Y-2 and Statewide Order No. 29-E.
2. To find that the proposed alternate unit well is necessary to efficiently and economically drain a portion of the Discorbis 15 Sand, Reservoir C, underlying DISC 15 RC SUB, which cannot be efficiently and economically drained by any existing well within the unit.
3. To grant a single unit allowable for the DISC 15 RC SUB and to permit the operator of the unit to produce said unit allowable from the unit well, the existing alternate unit well, or the proposed alternate unit well, or from a combination of such wells in the unit, at its option.

Hon. James H. Welsh
Commissioner of Conservation
